STOCKS.

There was no special feature in yesterday's market except a slight advance in Belcher and Crown Point. Sierra Nevada was firm but Union was a shade off. The outside stocks showed no particular activity. A better feeling prevailed than on Tuesday, and though transactions were small, it was evident that, with proper incentive and the absence of disturbing causes, the public is prepared to invest in stocks and that there could be a good market.

Between sessions there was little change and prices generally were weak. In the second session Belcher got a set-back, closing at 10. Potosi was strong at 4.40, as was Union Con. at 37½. The assessment is beginning to tell on Sierra Nevada, which closed at 21½.

Assessments: Occidental, 50 cents; Tiptop, 50 cents.

THE OPIUM SMOKERS.

THEY ARE ACQUITTED IN THE DISTRICT COURT.—THE POLICE DISCOURAGED.—VIEWS OF A PHYSICIAN.

The officers who are endeavoring to enforce the law against opium smoking, feel very much discouraged over the acquittal of Bas Lincoln and the subsequent discharge of the rest of the crowd by reason of a *nolle prosequi* entered by the District Attorney. The law clearly states that any person found smoking opium shall be deemed guilty of a misdemeanor. The officers testified that they found the young men in an opium den the atmosphere of which was still thick with opium smoke. The young man Lincoln was lying in one of the bunks used by opium smokers, with a pipe in his hand. He dropped the pipe when the officers entered, and after arresting him they found the bowl of the pipe yet warm. It was still in that condition when brought to the station house. The defense the boys made was that the smoking had all been done the day before, and the jury, believing that the smoke found in the apartment had been there twenty-four hours and the pipe had retained its heat all that time, found a verdict of not guilty.

WHAT THE OFFICERS SAY.

One of the officers who made the arrest informed an *Appeal* reporter yesterday that he could see no necessity for making any more arrests if the juries would believe the hoodlums charged with opium smoking instead of the officers. There are three dens in Chinatown where boys and prostitutes go nightly and regale themselves with opium smoking. The Chinese sell the drug at a large profit and the commerce in the article has gone on for months. They have arrested frequenters of these houses and sellers of the opium, but the defendants always manage to escape. The boy Lincoln clearly showed the effect of the drug in his face, and yet the jury acquitted him. To catch one in the act of inhaling and puffing out opium smoke was simply an impossibility, for the door is fastened and the offenders have ample time to lay aside their pipes before it can be forced. In some cases, however, the parties arrested were so stupefied with the use of the drug that they hardly knew what was going on and still held the pipes in their hands.

A PHYSICIAN'S VIEWS.

One of the leading physicians of the city was called on by an *Appeal* reporter yesterday in reference to the matter. He said that he believed there were scores of young men in town who smoked opium, whose parents never dreamed that they were addicted to the vice. He had never treated any cases, as the victims generally kept right on until broken down in mind and body, and then it is too late to cure them. He was asked to treat one case of a man who became addicted to the habit, but he could do nothing for him as the man would not leave off the habit. He afterwards went to Bodie and died. He knew of several prostitutes who were physical wrecks from a year's use of the drug. He believed if this traffic was not broken up it would make fearful havoc upon the coast in a few years. The dens should be torn down and destroyed as a last resort, if nothing else could be done.

DECLINED.—The *Appeal* reporter received a printed invitation yesterday morning which read as follows:

IMPECUNIOUS CLUB.

You are requested to attend a meeting of the club on March 9th at Otto's. By order of P. J. Murphy and Paul Denman, Presidents. Hugh J. Mohan, Secretary.

The grand seal of the club at the top of the invitation represents a ragged and seely looking individual with his head bowed over a table on which is seen a broken bottle of gin, alongside of which rises the smoke from a discarded five cent cigar. A close inspection of the face and general belongings of the man at the table establishes the same as a representation of the famous Con Mahoney of the *Argus*. The reporter of the *Appeal* respectfully declines this kind invitation to the meeting at Otto's. To fall under the table at 11:45 that he may be made a door mat for the brogans of Paul Neuman, George Bromley, Dan O'Connell and Col. Jackson, is not to his liking. There would be no such danger from Hugh Mohan as he would be under the table too. A man who attends a symposium of this famous club finds himself in the police station in the morning, with his coat slit down the back, his pockets empty and his head the size of a Nevada quartz boulder. The Impecunious Club meet only twice a year as the fatigues of the gatherings do not permit of anything more frequent. Quarterly meetings would result in the club's immediate passage from the festive halls of Otto's snug retreat to the dissolving dust of Lone Mountain.

MURAL DECORATIONS.—Nothing sets off a plain house so well as good wall paper. A man of taste can select designs which harmonize with his furniture and make an inexpensive interior look very charming. Mr. G. B. Webb has just received an invoice of wall paper from the East, which embraces some rare and artistic designs. There is not a bad or garish pattern in the whole lot, and now that the Spring house cleaning season is almost at hand, every housekeeper should hasten to select some of this paper for interior decoration. It is the very latest thing in the paper line and extremely cheap.

The Catholic and Episcopal churches are preparing some special music for Easter.

A CURIOUS POINT OF LAW.—The Supreme Court has rendered a verdict in the case of the State of Nevada respondent vs. James Foley and George Tracy appellants. These men were implicated in a robbery in Virginia City some months ago on the testimony of Charles Roper, an ex-convict. Col. Taylor, for the defendant, found that Roper had served a term in San Quentin for burglary in 1877, and held that his evidence was not admissible. The prosecution showed that he had received a pardon for his crime and was thus restored to the rights of citizenship. The defense then found another conviction for grand larceny committed in 1875, for which Roper had not been pardoned. The Supreme Court held that the rulings admitting the pardon in evidence were correct; but that the pardon only covered the offense for burglary, committed in 1877, and had no reference to the crime of grand larceny in 1875; that hence the position of the witness was that of a man guilty of felony and unpardoned, and that therefore the witness was not competent to testify. The judgment of the lower court is reversed and a new trial ordered. The opinion is by the Chief Justice, the others concurring. While this is all strict conformity with law, it seems rather curious that a crime committed in 1875 could have any possible effect upon freeing a criminal in 1889.

THE MEETING LAST EVENING.—The third temperance meeting of the present campaign was held last night at Theater Hall, and was well attended. Dr. McKenzie with true earnestness and eloquence held the audience for more than an hour, during which time he dealt Old Alcohol many severe blows. At the conclusion of the meeting, which was the most enthusiastic one of the present series, several persons went up to the stand and enrolled themselves as members of the Carson Reform Club. Dr. McKenzie will hold forth again to-morrow (Friday) evening at Theater Hall, and will undoubtedly have a crowded house. To-night there will be a meeting of the Executive Committee and members of the Club and Ladies' Union at the Club Rooms, to commence at 7 o'clock. All interested in the temperance movement are invited to attend.

MUSICAL.—Miss Lizzie Davis, of Virginia City, teacher of the violin, comes to Carson every Monday and remains until Wednesday. Adults or children wishing to become rapid and correct performers on the violin, and to acquire a profound knowledge of musical theory and to read readily, also general musical theory can get all necessary information as to terms etc., by inquiring of C. A. Marston, photographer, or at the Arlington House. Lessons in dancing given by Brown & Davis at Arlington Hall every Tuesday from 11 A. M. till 9 P. M. Social every night after dancing school.

OPERA HOUSE BALL.—The social party at the Opera House last night resulted in a large and select gathering, which rendered the affair highly enjoyable to all who participated, and the ball was in all respects a success. At midnight supper was served on the stage, and the drawing of the seal skin sash took place amid a hush so profound that one could have heard a clothespin drop. Number 3, held by Al. Marston, drew the prize. The party last night is one of a series to be given shortly.

THE ROYAL ILLUSIONISTS.—On Monday and Tuesday of next week the Royal Illusionists, Thorne and Darwin, will open at the Carson Opera House. Beside exhibiting a number of extraordinary tricks, they give a more wonderful spiritualistic seance than any medium alive. These men seem really in league with the devil. Their bills which have already begun to decorate the walls are almost equal to a San Francisco art exhibition.

The Wells-Fargo people are ripping up their floors and tearing things generally to pieces in order to repair the office, and transact all their business in the banking department in future.

Charles M. Lawrence, of the William Tell House, Virginia City, shot himself a few days ago with a pistol, and has since died. His friends believe that the shooting was accidental.

A two-dollar assessment on Sierra Nevada and a fifteen-cent plaster on Orient cause about an equal amount of growling among stockholders. Nobody asked you to buy.

WE CAN'T TALK

Without showing the condition of our teeth. Every laugh exposes them. In order not to be ashamed of them let us use that standard dentifrice, SOZODONT, which is sure to keep them white and spotless. No tartar can encrust them, no canker effect the enamel, no species of decay infest the dental bone, if SOZODONT is regularly used. It is a botanical preparation, and its beneficial effects on the teeth and gums are marvelous, as it removes all discolorations, and renders the gums hard and rosy.

ATTENTION!—The greatest wonder yet discovered in medicine is Mrs. Dr. Howe's celebrated rheumatism, neuralgia and toothache cures. Would you rather suffer the pain of having a tooth drawn than buy a bottle of Mrs. Dr. Howe's toothache medicine? Mother should not be without it for their infants. A few drops in a little sweetened water to swab a teething baby's mouth will instantly relieve the little sufferer. The medicine does not cauterize, and is very pleasant. Sold by all druggists.

ALWAYS AHEAD!

The Olovich Brothers are now offering their stock at such rates that it will pay all thrifty persons to buy goods at their store.

Just opening:

Two hundred pieces new choice prints.
An invoice of E. C. Burt's celebrated kid boots.
